CIRCULAR NO. I / 2018

74th Annual Conference (2019) of The Association of Physicians of India

Venue of APICON 2019, Kochi : Lulu Bolgatty International Convention Center,
Kochi, Kerala

Dates : 7th to 10th February, 2019

Organising Secretary - APICON 2019 : Dr. Sreenivasa Kamath

Organising Secretary, APICON 2019,
Lakshmi Hospital, 41/1686-A, Pullepady,
Arangath Cross Road, Ernakulam, Cochin 682018,
Kerala

Mobile: +91-9846054167

Tel.: (0484) 2382111

e-mail: mail@apiconkochi2019.com

Website: www.apiconkochi2019.com

President-Elect & Chairman, Scientific Committee : Dr. K K Pareek

APICON 2019 S.N. Pareek Memorial Hospital,
3, Basant Vihar, Kota, Rajasthan 324005

Mobile: +91-9829128834

e-mail: drpareekapicon2019@gmail.com

Website: www.apicon2019sp.com

Theme : “BLENDING RESEARCH & CLINICAL PRACTICES”

INSTRUCTIONS TO CONTRIBUTORS

1. Abstract must be submitted online.
(www.apicon2019sp.com)
2. In case of difficulty, contact us at
drpareekapicon2019@gmail.com
3. Abstract must be typed single-space in English
using atleast 10 point size font and must fit inside
the designated space and should not exceed 2000
characters.
3. The maximum characters permitted in the title are 100.
Type body of the abstract in order of Introduction,
Material, Observations and Conclusions.
4. Authors should be listed by initials and surname. Not
more than 5 authors are to be included. In case more
than 5 authors are mentioned the first five will be taken.
5. Do not include title, names and institutions name in
the body of the abstract.
6. Name of the presenting author should be in bold.
7. Tables and graphs can be included and will be
considered as 600 characters each. Photographs/
Images/other figures will not be accepted.
8. Please proof read the abstract carefully for factual
and spelling errors. The spelling of names, the order
of authors and institution name will appear in JAPI as
submitted.
9. Standard abbreviations are acceptable. Uncommon
abbreviations must be put in parenthesis and preceded
by the full word the first time it appears in the text.
10. The presenting author must be a registered delegate for
the conference. To submit Abstract with Registration
No. of the conference.
11. **Abstract must be submitted by 31st August, 2018.**

Continuing Medical Education (CME) Programme

at 74th APICON – 2019 (7th to 10th February, 2019), Kochi
CME on 7th, February, 2019

will be organized by

Dr. G. Narsimulu

Dean Indian College of Physicians (ICP), Chairman of CME APICON 2019
Consultant Rheumatologist, Former Prof. & HOD Rheumatology, NIMS, Hyderabad
Mobile: 9440680934 • e-mail: deanicp2018@gmail.com

Theme of the CME

“Blending Research and Clinical Practices”

Suggestions are invited from Members, Post Graduate Students regarding the areas they would like to be discussed during APICON 2019, Kochi

Proposed Scientific Programme for APICON – 2019

The Association of Physician of India

Kochi, Kerala • 8th, 9th and 10th February, 2019

Theme : “BLENDING RESEARCH AND CLINICAL PRACTICES”

Orations:

- Presidential Oration: Dr. K.K Pareek
- Netaji Oration
- Dr. P. J. Mehta Oration
- Dr. G. S. Sainani Oration
- Dr. V. Parameshvara Life Time Achievement Award
- Prof Rathinavelu Subramaniam Endowment Oration
- Sanofi Aventis Senior Lecturership in Diabetes
- Dr. Coelho Memorial Lecturership in experimental medicine
- API Novo Nordisk Lectureship

Award Sessions

1. Dr. D. P. Basu Young Award in Cardiology
2. E. Merck Award
3. Dr. J. N. Berry Memorial Award
4. Dr. M. J. Shah Memorial Award in Tropical Medicine

There will be three award sessions at the 2019 Annual Conference of API at Kochi. The rules and regulations of these awards are as under:

1. Papers that are accepted for presentation in the Award Session at the Annual Conference will be divided subject-wise into four groups.

Group I :	Cardiology	Dr. D.P. Basu Young Award
Group II :	Chest Diseases	E. Merck Award
Group III :	Other Specialities	Dr. J.N. Berry Award
Group IV :	Tropical Medicine	Dr. M.J. Shah Award

The award of Dr. J.N. Berry Memorial Award and E. Merck Award are given in alternate years in Group II and III papers. At the 2019 Annual Conference E. Merck Award for Chest Diseases will be awarded. Dr. D.P. Basu Young Award will be for Cardiology and Dr. M.J. Shah Memorial Award for Tropical Medicine.

Suggestions should be accompanied with eight copies of a brief Bio-data of the suggested name, so as to reach the API office not later than **31st July, 2018**.

2. The competitor must be the first author of the paper submitted for presentation at the API sessions of the Annual Conference. A testimonial must be submitted from the Head of the Institution that the major work has been done by the competitor. Papers which are previously presented or published will not be considered. The competitor should also give a written pledge stating that the work has not been presented or published before. **He / she should be a member of API.**
3. Dr. D. P. Basu Young Award are of ₹ 1,000/- each. Dr. J.N. Berry Memorial Award and E Merck Award Rs.2,000/- and Dr. M. J. Shah Memorial Award is of ₹ 2,500/-
4. The upper age limit of the competitor is 40 years (proof to be attached).
5. The decision will be taken by a panel of judges appointed by the Governing

Body of API.

6. The candidate must apply for the award and full papers will be presented in separate award session.
7. Eight copies of full manuscript will have to be submitted to **Dr. K.K Pareek, Chairman, Scientific Committee of APICON 2019, by 31st July, 2018**. One copy of the paper should be sent to **Dr. Mangesh Tiwaskar, Hon. General Secretary of API** at Mumbai. Turf Estate # 6 & 7, Off Dr. E. Moses Road, Opp. Shakti Mills Compound, Near Mahalaxmi Station (West), Mumbai 400 011.
8. The decision of the panel of judges will be final and binding to all concerned.
9. **Free Papers Sessions (Oral Presentation) / Dr. M. Vishwanathan Poster Presentation:** This is to announce that the participants applying for Dr. M. Viswanathan Poster Presentation & Free papers session (Oral) will have to pay a fee of ₹ 500 (Rupees Five Hundred Only) by Online payment only. No Demand Draft/Cheque will be accepted.
10. Abstract must be submitted online at **www.apicon2019sp.com**.
11. Please note that the fees for free papers submission will NOT be refundable under any circumstances. Please visit **www.apicon2019sp.com** for online payment option.
12. **“APICON 2014 Ludhiana Original Paper Merit Awards”.** The 15 best oral free papers and 10 best poster presentations will be given a cash award of Rs 15,000 each. The awards will be decided by a Panel of judges including the President API and the President Elect API during APICON 2019. The above awards will be presented during the award session to be held on 10th February 2019 at Kochi.

TENTATIVE TOPICS FOR SCIENTIFIC PROGRAMME

Cardiology

- Approach to Chest Pain beyond MI.
- Thrombolysis in young adults: clinician's approach
- STEMI: An interactive session
- The new world of NOACs: Moving ahead from VTE to AF to CAD
- Primary Percutaneous Coronary Intervention in Acute ST Elevation Myocardial Infarction: Therapeutic Use
- Infective Endocarditis: Current Scenario
- Current Management Strategies for Non-ST Segment Elevation Myocardial Infarction
- Cardiomyopathies- Clinical and Echocardiographic Evaluation
- Pitfalls and Limitations of the Stress Test
- Cardiovascular CT Angiography
- Post Fibrinolytic Strategies in ST Elevation Myocardial Infarction
- Pulmonary Arterial Hypertension: Current Concepts
- Atrial Fibrillation- Advances in Treatment
- Post Myocardial Infarction Left Ventricular Dysfunction and Failure
- Acute ST Elevation Myocardial Infarction “The First 12 Hours”
- Cardiogenic Shock- Management
- Ranolazine and Ivabradine- their Current Use
- Anti-platelet therapy for Acute Coronary Syndrome (Aspirin, Clopidogrel, Prasugrel, Ticagrelor and what next?)
- Advances in Management of Heart Failure
- Antiplatelet Therapy for Post - PCI Patients, Current Trends and Future Directions

- Thrombolytics in Current Era
- Revascularization for Stable Angina
- Management of Heart Failure with Preserved Ejection Fraction (Diastolic Heart Failure): Myths and Realities
- Microalbuminuria an independent risk factor for CVD
- Origin of Cardio metabolic diseases and steps to ameliorate
- Sudden Cardiac Death
- Progressive Left Ventricular Dysfunction - Clinical approach

Hypertension

- How to refine and redefine the CV risk in patients with hypertension?
- Salt sensitivity and hypertension
- Resurgence of diuretics in the treatment of hypertension.
- Blood Pressure Measurements – Methods, Techniques and Current Relevance
- Ambulatory Blood Pressure Measurement is Indispensable to Good Clinical Practice
- Isolated Systolic Hypertension
- Blood Pressure Variability: How to Deal?
- Masked Hypertension: Current Scenario
- Management of Hypertension in Diabetes
- Common Mistakes in Hypertension Management
- Resistant Hypertension: A Clinical Perspective
- Prehypertension - Time To Act

Endocrinology

- Unravelling the enigma of thyroid disorders
- Role of Tocotrienol in Cardio-Metabolic syndrome
- Thyroid disorders in ICU
- A Physician's Approach to Management of Obesity
- The concept of sick fat
- Thyroid Disorders in Diabetes
- Hypothyroidism and Comorbid Conditions
- Sub Clinical Hypothyroidism - To Treat or Not to Treat?
- Use and Abuse of Calcium
- Hyperthyroidism: Relevant Investigations and Guidelines for Management
- Vitamin D deficiency and Lifestyle Diseases: The Relation and the Solutions
- Metabolic Syndrome & Cardiovascular Risk : Indian Perspective
- Cushing's Syndrome- An update in Diagnosis and Management
- Prolactinoma
- Male Hypogonadism in Diabetes
- Interpreting bone density for Physicians
- Hypervitaminosis D
- Suspecting and Managing an Adrenal patient
- Recent Advances in the Management of Pheochromocytoma
- Primary Hyperparathyroidism(PHPT) changing Scenario
- Panhypopituitarism
- Application of molecular diagnostics in clinical Endocrinology
- Overview of Multiple Endocrine & Other Tumor Syndromes
- Lung involvement in Thyroid disorders

Diabetes

- Challenges and integrated management of type-1 diabetes in india
- Diabetes in the young: Challenges in India
- Serum Cystatin C Level Is Associated With Carotid Arterial Wall Elasticity In Subjects With Type 2 Diabetes Mellitus: A Potential Marker Of Early-Stage Atherosclerosis
- Molecular Basis of Asian Indian Phenotype
- Intricacies of diabetes management in women
- Periodontal disease and Diabetes
- Weight gain in diabetes mellitus on use of insulin.
- Low-calorie liquid diet may help reverse diabetes
- Top TEN-Newer Modalities in managing NIDDM.
- Targeting ectopic fat: therapeutic strategy for diabetes
- Severe insulin resistance syndromes: Clinical Perspective
- Cardiovigilance in Diabetes Mellitus
- Does Diabetes contribute to the TB epidemic in India
- Anemia and diabetes
- Managing diabetes- moving from patient-centric approach to community-centric approach
- Management options for diabetes (diabetes and obesity)
- Technological innovations in the field of diabetes
- Diabetes, obesity and cancers: the interlink!
- Management of Gestational Diabetes
- Infections as acute and chronic non vascular Diabetic complication
- Insulin : initiation, intensification, barriers
- New insulins and devices
- Role of alpha-cells in diabetes
- Diabetes in elderly
- In hospital glycemic control: Have we achieved?
- How to achieve Euglycemia in diabetic pregnancy by Insulin Therapy: Indian experience
- Prediabetes – beyond the tip of the iceberg
- Role of Glycaemic Variability In Diabetic Microvascular Complications N Role of Gliptins
- Diabetes in Women - Is it Different?
- Clinical Relevance of Pathophysiology of Type 2 Diabetes
- Pathophysiology of Diabetes Complications - Indian Perspective
- Individualised Treatment for Diabetes to Prevents Disease Progression
- Future Insulins, Technologies and Diabetes Outcomes
- Diabetes Ketoacidosis and Hyperglycemic Hyperosmolar State
- Hypoglycemia : Unawareness, Cognition and Long Term Consequences: Some New Insights
- Surgery and Diabetes – Current Concepts
- What Should After Metformin in Indian Diabetes Patients
- DPP4 Inhibitors in Type 2 Diabetes Mellitus : An Indian Perspective
- Sulfonylureas versus DPP-IV Inhibitors: Lessons Learnt so far...
- Oral Anti-Diabetic Drugs in Pregnancy and Lactation
- Sodium–Glucose Linked Transporter (SGLT) Inhibitors in the Management of Type 2 Diabetes
- Tips of Managing Diabetes Foot
- Rapid Acting Insulin Analogues
- Is Degludec the Insulin of Tomorrow?
- Prevention of Diabetic Complications: Is it Possible?
- Diabetic Neuropathy
- Targeting ectopic fat: therapeutic strategy for diabetes
- Lifestyle Management of Diabetes
- Pharmacogenomics of anti-diabetic drugs
- Endocrine disruptors and diabetes

Neurology

- Confusion in Elderly patients
- Update on Idiopathic Inflammatory Myopathies.
- Approach to Parkinson plus syndrome
- New vistas in the treatment of epilepsy
- Neurocysticercosis – Indian Scenario

- Acute Symptomatic Seizures
- Approach to Sleep Disorders
- Syncope - A Clinical Point of View
- An approach to a comatose patients
- Chronic Pain – Approach and Therapies
- Multiple Sclerosis – Indian Perspective
- VERTIGO -and what is New in it from the General Physician's Perspective
- Cerebral Venous Sinus Thrombosis
- Evaluation and Management of Dementia
- Neuroimaging in Parkinsonian Disorders
- Potential Drug Targets for Treatment of Refractory Epilepsy
- Diagnostic & therapeutic role of EEG in Epilepsy
- Neurosteroids And Ischemic Stroke: Promising Agent
- Evolving Pattern and Outcome of Stroke
- Advances in Acute Stroke Management
- Headache – Symptom Analysis
- Peripheral Neuropathy - Some Newer Concepts and Diagnostic Ways.
- Muscle Cramps

Rheumatology

- Rheumatoid Arthritis, Treat to Target: Myth or Reality
- Sarcopenia.
- Mimics of RA
- Overlaps in Rheumatology
- Infections n autoimmunity
- Coetaneous autoimmunity.
- Autoimmunity...apart from Arthritis
- Chronic Fatigue Syndrome (CFS)
- Rheumatological Manifestations of Systemic Diseases.
- Psoriatic Arthritis
- Low Back Pain (L.B.P.) - How Do I Approach
- Approach to Foot Pain: A Rheumatologist's Perspective
- Spondyloarthropathies : Treatment Target
- Management of Osteoarthritis
- Systemic Lupus Erythematosus
- New Classification Criteria for Rheumatoid Arthritis and Ankylosing Spondylitis:
- Gout - Updated
- Corticosteroids in Rheumatoid Arthritis: Resurrection, Revival or Rethinking?
- Biologics in RA
- Antiphospholipid Syndrome (ASP) An Update –
- Approach to Systemic Vasculitis
- Chirally Pure Non-Steroidal Anti-Inflammatory Drugs
- Mixed Connective Tissue Disorders (MCTD)
- Biosimilars in Rheumatoid Arthritis: Sooner Than Later
- Current Recommendations for the Management of Ankylosing Spondylitis

Nephrology

- The prevention of chronic renal failure
- Current concepts of the nephrotic syndrome
- Hypertension and the kidney
- Legal & Ethical issues in renal transplantation; Renal Disease in India
- HCV infection in Renal transplant;
- Hyponatraemia : Causes and Consequences
- Acute Renal Failure in Tropics
- Principles of Drug Dose Modification in Renal Failure
- Rational Use of Diuretics and Pathophysiology of Edema
- eGFR: What the Internist Should Know
- Chronic Kidney Disease- Pre-Dialysis Management: The Action Plan
- Approach to Hypokalemia
- Metabolic Acid Base Disorders
- Retarding Progression of Chronic Kidney Disease (CKD)
- Complicated Urinary Tract Infection
- Renal Transplantation: Newer Insights

HIV

- HIV and Hepatitis B Virus Co-infection : An Overview
- Evolution of antiretroviral therapy in India.
- Rheumatological Manifestations of HIV.
- HIV - An Overview for the Internist
- Drug Resistance in HIV
- Emergencies in HIV Medicine
- Current Guidelines for Antiretroviral Therapy
- HIV & TB - The "Deadly Duo"
- HIV Drug Resistance and Second Line of ART
- National ART Guidelines

Interventional Radiology

- Utility of Positron Emission Tomography (PET) in Medicine
- Imaging Infection & Inflammation
- Interpretation of pathological and radiological investigations by primary care physician

Pulmonology

- Essentials for the management of Asthma
- COPD - Erupting Volcano (A global emergency)
- Hypereosinophilic syndrome: a step-wise approach
- Ultrasound in chest disease
- Intrstitial Lung Disease
- Cardiopulmonary Effects of Tobacco
- Rising air pollution and remedies
- Cardiopulmonary changes in sarcoidosis
- Simplifying IPF - Amplifying life
- Pulmonary Function Test Interpretation : Clinical Pearls Using a Case Based Approach
- The Acute Respiratory Distress Syndrome
- Ventilator Associated Pneumonia
- Pneumococcal Vaccine- Clinical Utility
- Asthma in the Elderly
- Obstructive Sleep Apnea- Clinical Spectrum and Management
- HRCT: Increasing Role in the Diagnosis of Pulmonary Diseases
- Rational Choice of Antibiotics in Pneumonia
- Chronic Obstructive Pulmonary Disease: Current Guidelines for Treatment

Critical Care Medicine

- Right IV Fluid for Resuscitation - Current Trend
- Haematological Challenges in the Intensive Care Unit
- Transfusion in critical care setting Monitoring of critical ICU patients
- Approach to fluid , electrolyte and acid base disturbances-clinical appraisal and handling
- Fever In ICU
- Sepsis and Septic Shock-- What have We Learnt Over The Years
- Role of Steroids and vasopressors in ICU
- Icu Infections

- ECMO- An Important ICU tool
- Approach to refractory Hypoxemia
- Antibiotic Use in Critically Sick
- Current Guidelines for Management of Sepsis
- Fungal Infections in Critically Ill Patients
- Nutrition in Critically Ill Patients

Gastroenterology

- Acute Pancreatitis – What the physician should know
- Drug induced liver injury- diagnosis and management
- GI or liver malignancy
- Acute liver failure,
- auto-immune liver disease,
- BuddChiary syn,
- HCC
- GERD
- Management of Upper Gastrointestinal Bleeding: What is New?
- Chronic Pancreatitis: Newer Concepts
- Constipation: A Holistic Approach to Management
- Management of Ascites
- Management of Irritable Bowel Syndrome A Practical Approach
- Chronic Diarrhoea – An Approach
- Management of Ulcerative Colitis : Step up or Step –down Approach ?
- Prebiotics and Probiotics: A critical Analysis
- Capsule Endoscopy: Newer Vistas
- A Novel Approach in the Treatment of Acute infective Diarrhea

Infections

- Beta- Lactamase Threat in Respiratory Tract Infections
- Emerging and re-emerging infectious diseases- Indian perspective
- Tropical Fever in Critical Care Setting in India
- Scrub typhus :As it stands today
- Sepsis Management Guidelines
- Physician approach to a patient with fever & Neutropenia
- H1N1:Diverse Implications
- Viral Hemorrhagic Fever
- Syndromic approach to Pyrexia
- Clinical presentation and systemic manifestations of ebola virus”
- Adult vaccination- Indian Scenario
- Management of Enteric Fever
- Spectrum of Dengue illness
- Malaria in India: Challenges and Opportunity in Today’s Scenario
- Chikungunya
- Rational Outpatient Parenteral Antibiotic Therapy
- Drug Resistance – How to Suspect, How to Manage?
- Antifungals : Which, When and Where
- Fever of Unknown Origin: Revisited
- Vivax Malaria: Not benign Any More

Hepatology

- Noncirrhotic Portal Fibrosis
- Indications Contraindications & Long Term Care in Liver Transplantation
- A Practical Approach to a Person with Positive HBsAg
- Prescribing in patients with Liver Diseases
- NASH: Advances in Evaluation and Management
- Acute Fulminant Hepatic Failure
- Alcoholic hepatitis- the growing burden and the current management
- Fatty Liver - Endocrine Perspective
- Indian Guidelines and Protocols – Hepatitis - B
- Chronic Hepatitis C - Newer Drugs
- Asymptomatic Elevation of Transaminases

Oncology & Hematology

- RDW & Histogram: tools for bedside diagnosis of red cell disorders
- Approach to pancytopenia in adults
- How important is Celiac disease in haematology practice
- Haemoglobin opathis - burden and prevention
- Chemo free world of hematological malignancy
- Blood Component Transfusion with special reference to Platelet Transfusion
- Bad obstetric history: a hematologist’s point of view
- Hypereosinophilic syndrome: a step-wise approach
- G-6PD Deficiency: under-diagnosed entity in physician’s practice
- Refractory ITP in adults: how to deal?
- Acquired Haemophagocytic disorders: often-missed entity in clinical practice
- CML - Current state-of-the-art Management
- Multiple Myeloma - Recent Advances
- Immuno-Oncology - The “advance of the decade” in Cancer Treatment
- Hematopoietic Stem Cell Transplantation in India - Status Update
- Recent Advances in Transfusion Medicine
- Chronic Myeloid Leukemia - Recent Advances
- An Overview of Lung Cancer
- Imaging in Cancer for Clinicians : Newer Concepts
- Lymphoma: An Update for Physician
- Management of Patients on Antiplatelet Drugs Undergoing Surgery” To Stop or not to Stop?
- Judicious Use of Blood Components in Clinical Practice
- A Clinical Approach to Polycythemia
- Myeloproliferative Neoplasms
- When and How to Treat Chronic Lymphatic Leukemia
- How to Interpret BT, PT and APTT
- Thrombocytosis
- Clinical Approach to a Case of Anemia
- Current Guidelines for Management of Hemophilia
- Disseminated Intravascular Coagulation
- Management of Malignant Pleural Effusion
- New Treatment Strategies in B-cell Chronic Lymphocytic Leukemia

Poisoning & Toxicology

- Organophosphorus Poisoning: Current Management Guidelines
- Aluminum Phosphide Poisoning
- Scorpion sting
- Advances In Management Of Snake Bite
- Snake Bite and Critical Care Medicine
- Decontamination Method in Poisoning: Dilemma in Gastrointestinal Decontamination

Geriatrics

- Evaluation and Prevention of falls in elderly
- Infections in Elderly
- Home-Based Care in Geriatrics
- Immunization in Elderly
- Principles of Geriatric Pharmacology

- Coronary Heart Disease in the Elderly
- Prevention of Infection in Elderly
- Implications of Polypharmacy in Senior Citizens
- Approach to A Comatosed Elderly in Emergency Room
- Diabetes in Elderly

Environmental Med

- Global warming - physician’s perspective.
- Effect of extremes of temperature.
- High altitude medicine.
- Mobile towers and radiation hazards.

Lipidology

- Familial Hypercholesterolemia
- Dyslipidemia: Flash back and vision ahead.
- Metabolic Syndrome : Myth Of Reality
- Edible Oil for Healthy Cooking
- Management of Atherogenic Dyslipidemia
- Management of Dyslipidemia: Intolerant to Statin Therapy
- Lipid Management: How Aggressive is Aggressive?
- PCSK9 Inhibitor : Potential as Future Lipid- Lowering

Tuberculosis

- Tuberculosis in Special Situations
- what we did not do in last hundred & twenty five years (Problem of TB)
- Role of the laboratory in the Management of TB
- Approaching Tuberculosis eradication in India- how realistic he target is?
- Role of Immunomodulators in Management of Drug Resistant TB
- Atypical Mycobacterial Infection
- Multidrug Resistant Tuberculosis – The Present Scenario
- Newer Diagnostic Techniques in TB and its Impact on Treatment
- MDR-TB: Diagnosis and Management
- Central Nervous System Tuberculosis: A Challenge in India
- Diabetes and Tuberculosis
- Newer Guideline in Management of Tuberculosis

Venous Diseases

- Non - Surgical Treatment Options for Varicose Veins
- Medical Treatment of Chronic Venous Diseases
- Distal DVT
- When to Intervene in Pulmonary Embolism - and how

Pregnancy

- Pregnancy and Heart Disease
- Malaria In Pregnancy
- Thrombocytopenia in pregnancy- how one should investigate & manage?
- Liver disorders in pregnancy
- Management of Infections during Pregnancy
- Management of Jaundice in Pregnancy
- Use of Oral Hyperglycemic Agents in Pregnancy Diabetes
- Management of Hypertension in Pregnancy

Miscellaneous

- Euthanasia- the law and the present-day pitfalls
- 3D printing of organs and use in organ transplant
- Role of physician play in the outcomes of their patients.
- Incretins physiology in health and diseases
- Basis of Asian Indian Phenotype
- Prevention & control of NCD - Digital Medicine
- Challenges beyond Science in today’s Healthcare
- Rapid clinical examination in emergency
- Lifestyle Factors in Non-communicable Diseases in India -
- Health problem in healthcare workers - a matter of concern
- Relevance of newer diagnostic modalities in our social structure.
- Medical Problems at Sea – Challenges in Management : The Physician’s Role
- Hyperbaric Oxygen Therapy : The Role in Modern Day Medicine
- Medical Ethics, Spirituality and the Physician
- Integral Health in Clinical Practice
- Allergy - Evolving Concepts Through A Century
- Erectile Dysfunction (Male Sexual Dysfunction) “Hardness Matters”
- Professionalism and Communication in Medical Practice
- Smart Way to Select Antibiotics
- Ethics in Medical Practice: Pearls and Perils of Medical Practice Today
- Stress Management by Yoga
- Is clinical examination still relevant
- Art of practising Medicine in this current/difficult ERA
- Continuous Professional Development : An Essential Lifelong Learning Activity for Physicians
- Creating Value: Cost effective, High Quality Health Care
- Team-Based Healthcare
- Who will Care the Doctor’s Health?
- Smart Phones in Clinical Medicine

Nutrition

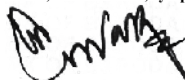

- Parenteral nutrition in physicians practice.
- Diet in Diabetes
- Assessment and management of elderly malnutrition person.
- Vitamin D supplementation in each and every individual is really necessary?
- Role of vitamin B12 in health and disease.

Workshops

1. Echocardiography
2. ECG Interpretation
3. Critical Care Management
4. Mechanical Ventilation
5. Research Methodology
6. Radio Imaging for Physicians
7. Effective Use of Technology in Clinical Medicine
8. Approach to Medicine- How to remember & Mnemonics
9. Coagulation Disorder
10. Newer Devices of Insulin Therapy and SMBG

Panel Discussions

Debates, controversies, symposium, CPC’S

Dr. Mangesh Tiwaskar
Hon. General Secretary

Date : 28th April, 2018
Place : Mumbai
